

## Bravo Commences Trading on the OTCQX under Ticker Symbol “BRVMF”

**VANCOUVER, September 30, 2022** – Bravo Mining Corp. (TSX.V: BRVO/ OTCQX: BRVMF), (“**Bravo**” or the “**Company**”) today announced that it has qualified to trade on the OTCQX® Best Market and begins trading today on the OTCQX under the symbol “BRVMF”.

“Our Luanga Project, located in the prolific Carajás Mineral Province in Brazil is an emerging Tier 1 Palladium + Platinum + Rhodium + Gold + Nickel deposit”, said Luis Azevedo, Chairman and CEO of Bravo. “As a recently-listed company on the TSX Venture Exchange and with an aggressive drilling plan well underway, we felt it important to begin trading on the OTCQX in order to increase accessibility to U.S.-based retail and institutional investors.”

The OTC Markets Group Inc. (OTCQX: OTCM) offers developing Canadian companies the benefits of being publicly traded in the U.S. with lower cost and complexity than a U.S. exchange listing. Bravo believes that OTCQX’s streamlined market standards will enable Bravo to provide a strong baseline of transparency to inform and engage U.S. investors. To qualify for OTCQX, companies are required to meet high financial standards, follow best practice corporate governance and demonstrate compliance with applicable securities laws.

Securities Law USA, PLLC acted as the Company’s OTCQX sponsor.

### **About Bravo Mining Corp.**

Bravo is a Canada and Brazil-based mineral exploration and development company focused on advancing its Luanga PGM + Au + Ni Project in the world-class Carajás Mineral Province of Brazil.

The Luanga Project benefits from being in a location close to operating mines, with excellent access and proximity to existing infrastructure, including road, rail and clean and renewable hydro grid power. The project area was previously de-forested for agricultural grazing land. Bravo’s current Environmental, Social and Governance activities includes replanting trees in the project area, hiring and contracting locally, engagement with local communities, and ensuring protection of the environment during its exploration activities.

Bravo was founded by a management team and board with extensive Brazilian and PGM exploration, permitting, project financing, construction and operating experience. This includes Luis Azevedo, Executive Chairman & CEO; Simon Mottram, President; Alex Penha, EVP Corporate Development; and Independent Directors, Dr. Nicole Adshad-Bell (Lead Director), Stuart Comline, Tony Polglase and Stephen Quin.
