About Bravo Mining Corp.

Bravo is a Canadian and Brazil-based mineral exploration and development company focused on advancing its PGM+Au+Ni Luanga Project, as well as our copper-gold exploration opportunities in the world-class Carajás Mineral Province, Para State, Brazil.

Bravo is one of the most active explorers in Carajás. The team, comprising of local and international geologists and engineers, has a proven track record of PGM, nickel, and copper discoveries in the region and elsewhere. The individuals in the team have successfully taken a past iron oxide copper gold (IOCG) greenfield project from discovery to development and production in the Carajás.

The Luanga Project is situated on mature freehold farming land and benefits from being located close to operating mines and a mining-experienced workforce, with excellent access and proximity to existing infrastructure, including road, rail, ports, and hydroelectric grid power. Bravo’s current Environmental, Social and Governance activities include planting and donating more than 42,000 high-value trees in and around the project area in the past 30 months, while hiring personnel and contracting services locally.
